

October 5, 2020

Dear Ivymount Families,

We want to share with you the Return to Campus - Prevention, Preparedness, and Response plan for the greater Ivymount Corporation (which includes Ivymount School, Outreach Programs, and The Maddux School). This plan outlines the specific guidelines and policies related to a return to in-person programming. As new information and guidance related to COVID-19 becomes available, we will quickly adjust our plans and make updates to our policies and procedures.

The plan is located on the Ivymount website's COVID-19 tab, on the [**Return to Campus Plan page**](#). We ask that every family take some time to read through and digest this document.

As we get closer to a return to campus, you will also receive an invitation to complete a form on Operoo acknowledging that you have read, understand and accept the plan.

Sincerely,

Susan Holt
Executive Director
